Salute to West End clubwomen

The Daily Report invites local communities to join with us in paying special tribute today to the women's organizations of the West End who share so much of the members' time and talent to make our communities better places to live.

This 15th annual "Salute to West End Women" published by The Daily Report honors these groups and reveals in detail their accomplishments and contributions.

The 6,270 women involved in the 84 clubs represented in this section have bolstered our communities by direct service, financial support, encouragement, sponsorship and caring.

The accomplishments of these women range from health programs to cultural enrichment, from youth scholarships to civic projects and from support of local churches to educational forums.

Health programs receiving support from local clubwomen include the following: Ontario Fire Department Paramedics, health fairs,

Blood Bank of San Bernardino and Riverside counties, cerebral palsy, American Heart Fund, American Cancer Society, Visiting Nurse Association, City of Hope, March of Dimes, Arthritis Foundation, American National Red Cross, Tel-Med information service, San Antonio Community Hospital Dental Center, Veterans' Administration hospitals, cystic fibrosis and local hospitals and convalescent homes.

The handicapped of the community are helped each year by efforts such as support of the Ontario-Pomona Association for Retarded Citizens, sponsorship of the Special Olympics, work for the Transcribers Guild as well as other help for the visually handicapped, support of schools for the blind and also for crippled children and the annual Walk for the Handicapped with proceeds going to programs that aid the developmentally disabled.

Concern for the elderly is expressed through projects such as Meals on Wheels and Mobile Meals, Phone

Alert League, the Nutrition Centers and visits and parties for residents of convalescent hospitals.

Local citizens have the opportunity to see opera productions and art exhibits because of the efforts of the cultural organizations in the West End and their sponsorships and fund raising.

The youth of our communities benefit through programs such as scholarships and camperships, on-campus high school clubs, the Girls Club of Cucamonga, Head Start, Day Care, visual aids provided for schools, storytimes, essay contests, Girls' State and support of sports such as Little League and soccer teams.

As civic projects, clubwomen have helped organized city birthday celebrations, developed resource lists, registered voters, served on community action committees, helped the local libraries and chambers of commerce and given financial assistance to Friends Outside, House of Ruth, Crossroads, Option House and many others.

In the area of education, candidates' forums and public programs on political issues have been sponsored by local organizations. Other educational efforts have included: showing films to schools, speaking on ballot measures, holding workshops on various issues, promoting abstinence of drugs, working for passage of the Equal Rights Amendment, honoring women for their professional accomplishments, legislative involvements and promoting the rights and responsibilities of women.

Join us today in saluting these giving and caring community volunteers. Read of their accomplishments in these pages and pay tribute to them with us.

This year's winner is:

R.C. Club captures first place

By LINDA BERGSTEDT
Panorama Editor

For their supreme efforts in serving the community through service projects and sponsorship of special events, the Rancho Cucamonga Woman's Club has won first place in The Daily Report's 10th annual "Women's Service Award" competition.

The 96 members of this service club spent 12,414 1/2 hours and donated \$4,292.16 to community service during the 1980-81 club year.

Placing second in the community service competition was the Soroptimist International of Ontario, a club that won first place in 1977, 1978 and 1980. The 57 members of this women's international service organization spent 7,769 volunteer hours of service and donated \$8,535.06.

The Montclair-Ontario Junior Women's Club captured third place in the competition. This energetic bunch of six young women gave 1,217 volunteer hours in community service and also spent \$1,418.38.

Judges for the annual competition are presidents of chambers of commerce from Montclair, Ontario, Rancho Cucamonga, Chino and Upland.

Acting as judges this year were: Phil Gosswiller of Montclair, Richard McElvany of Ontario, Don Hardy of Rancho Cucamonga and Herb Stampfl of Chino.

One of the main new projects of

the Rancho Cucamonga Woman's Club during the 1980-81 club year was forming a "Mobile Meals" program for the Rancho Cucamonga area. The club along with the Cucamonga-Alta Loma Junior Women's Club and the chamber of commerce began work on this organization in November 1980. The first meals were distributed to the elderly and incapacitated in June of this year. Three members are on the board of directors and many members deliver weekly meals two days each week.

The clubwomen support a number of other diverse projects and work at San Antonio Community Hospital Gift Shop and information desk, at convalescent hospitals in the area, for Santa Claus Inc. and donate their clubhouse to various community organizations such as scouts.

House of Ruth and Option House, shelters for battered wives, children and the elderly, were given 24 cases of food and 80 pounds of clothing. Twenty members held a rummage sale to raise money for furniture for the House of Ruth.

Casa de Rancho Cucamonga (Rains House) is a joint project of the Rancho Cucamonga Woman's Club and the Casa de Rancho Cucamonga Historical Society. Members serve on the board, helped organize the Las Guías, an auxiliary of guides, and help with special events and fund-raising projects for restoration.

To keep families together as much as possible, members asked Rancho Cucamonga Mayor Phillip D.

Schlosser to proclaim a week in November 1980 as National Family Week.

As a youth project, the club sent a 10th grade student from Alta Loma High School to the Hugh O'Brien Youth Seminar at Culver City, where he attended a series of Leadership Training Programs.

In order to encourage students to return to school, the women give various scholarships, totaling \$700 in various categories.

Some members work in the Central School District office each month, making projects for teachers to teach children.

Among the financial donations made by the R.C. Woman's Club are: \$750.10, House of Ruth and Option House; \$400, West End Sheriff's Search and Rescue; \$350, Rains House; \$250, Mobile Meals; \$230.56, Santa Claus Inc; and other donations.

During the 1981-82 year, the members plan to continue working with Mobile Meals for incapacitated seniors and to conduct cardiopulmonary resuscitation classes for members and any other interested people.

The clubwomen also will devote time and money to helping battered wives and children as well as the elderly. Another goal is to work with youths and teen-agers to "keep them occupied and off the streets," a spokeswoman said. They also will spend time with city officials to strive for the needs of the community.

Officers for this past year have

Mrs. Elmer W. Johnson

been led by Mrs. Elmer W. Johnson, president, who has been re-elected for a second term. Working with her in the 1980-81 club year were: the Mmes. Homer Wilson, first vice president; William Jones, second vice president; Donald Hardy, third vice president; Stanley Acres, secretary; Howard Kilmurray, treasurer; and Kenneth Lemmon, publicity chairman.

Not only do members of the Rancho Cucamonga Woman's Club work hard in serving their community, they have fun while they are working. In this Daily Report file photo, three active members of this winning organization are shown last fall polishing silver in anticipation of the annual Membership Tea. From left are: Becky Hardy, Pauline Evans and Shirley Lemmon. The club has won The Daily Report's 10th annual "Women's Service Award" for direct service given to the community in the 1980-81 club year.

Exclusive Holistic Health Program at Women's Fitness Studio Helps You Feel Radiantly Alive

"A strong, firm, flexible body reflects energy, grace and a healthy self-esteem", states Gail Wenz, owner/director of the Women's Fitness Studio in Montclair. "Exercise has a profoundly positive affect on the way you look and feel inside and out. There is no greater way than exercising to preserve health; promote real energy; experience a natural high and achieve a firm, trim body," Gail continues.

"We emphasize total health, not youth. Our clients range from 14 to 74 and the studio provides a supportive atmosphere for women of all ages to develop their full potential; reach their individual goals and be all that they can be," explained Gail whose background includes teaching all areas of fitness for all ages for the past 14 years.

For the last 5 years the Women's Fitness Studio, located in Suite 105 of the beautiful Monte Vista Professional Center south of the San Bernardino Freeway at 9625 Monte Vista Avenue, has offered a specialized, personalized curriculum geared to the fitness needs of its clientele. Ladies receive private instruction in aerobics, firming and toning exercise, nutrition, behavior modification, correct posture and relaxation in a quality, caring atmosphere. The program is impressively professional and boasts highly successful results for women wanting to feel greater energy, firm and tone their body, lose inches and maintain peak level fitness.

"Our course encourages women to want to eat healthier because they're learning all the important reasons why. As students learn more about improving health and nutrition, they find themselves enhancing their daily eating habits and health behaviors," Gail said. The new holistic health program has caught on enthusiastically at Women's Fitness Studio and students are incorporating it into their permanent lifestyle.

"The Women's Fitness Studio course can become quite a positive addiction as a fitness experience and you may never be the same again!" warns Gail with a bright smile. "We seem to either attract positive people or they become that way while attending, because our classes are

full of such constructive people; I'm proud and delighted to work with them."

The studio's unique curriculum encourages women to be in control of their own lives; more creative; more effective and to accept responsibility for their own health and happiness. "We see our clients changing, sharing, growing, taking new risks and participating fully in their own lives. Our students are practicing total fitness in all areas of their lives," Gail stated.

Gail, whose own varied life includes mothering three adolescents, directing fitness classes at the studio, diet counseling, back care counseling and nutritional deficiency testing continued, "The exclusive program variety we offer helps women improve their mental and emotional fitness as well as their physical fitness because they are consistently exposed to fresh ideas and continuously introduced to new possibilities and alternatives in order to create the best possible life for themselves and therefore their families."

Debbie Harrison, the studio's assistant instructor compliments the staff with her expert teaching abilities.

Debbie, who is a figure skating, snow skiing and dance enthusiast, sees directing fitness as being directly related to her eight year career as a speech therapist. Whether training the client in speech or fitness, the instructor delights in watching clients gain new awareness and control of their body muscle and nerve. "Clients firm their psyche not just their fannies as they learn they are capable of growth and change - of mastery of skills for self-improvement", states Debbie.

The Women's Fitness Studio offers a close comradeship with positive, aware women. The course is intended to assist students in balancing their healthy lives on all levels for the mind, body and emotions. Gail explains, "Our holistic health program encourages self-worth, self-acceptance, feelings of aliveness and self-confidence while nurturing the whole self; the complete person."

Prenatal Postpartum Fitness M/W 7:30 p.m.

This class benefits expectant and new mothers in their desire

for a healthy pregnancy, safe delivery and quick recovery. Countless women who have already experienced this well-established program have found this course to enhance their fitness during pregnancy. This original program is exclusive to the area and has proven to be effective in helping students firm, strengthen and tone key muscle areas necessary for childbirth and essential for complete recovery. The class is directed by a highly experienced and knowledgeable professional. This specialized course includes mild aerobic routines safe for expectant mothers and intended to promote better coordination, circulation and alertness. Prenatal Fitness produces a healthier, more flexible back; helps reduce bodyfat in buttocks, hips, thighs and arms; emphasizes correct posture and increases sense of balance.

Back Care Fitness T/Th 4:30 p.m.

This special class for anyone with back trouble is the only fitness class at the studio that is offered to both men and women. The Back Care Fitness program offers an answer to those persons experiencing back problems. The course helps strengthen the spine, reduce back pain and increase flexibility of the back. Students learn proper back care and learn how to bend, lift, stand, move and carry correctly without straining or harming their back.

Belly Dancing Fri 7:00 p.m.

This fun class teaches grace, coordination and muscle control. Taught by Rita Frost, an experienced belly dance instructor since 1974, the course offers excellent techniques for conditioning stomach and waistline. New students may start class on

Friday, October 23 by calling for a reservation.

The plush, air conditioned studio offers private, uncrowded classes; a complete body workout; a highly qualified, experienced, mature professional instructor; no machines and no contracts: as opposed to what is so commonly found in figure salons, health clubs and spas.

The fitness class schedule is as follows: Monday through Friday mornings 9:00; Monday/Wednesday afternoons 4:30; Monday through Thursday nights 6:00 and Tuesday/Thursday nights 7:30. "We are able to be flexible and allow women to attend any class times that fit into their busy schedules, for maximum convenience", said Gail.

All fitness classes include a proper warm-up, stretching, aerobics variety, cool-down, firming and toning, posture check, special arm-firming aerobics, waist trimming series, nutrition information, behavior modifications, relaxation and positive programming.

The Women's Fitness Studio provides an ultimate service in teaching both inner and outer health. Each class ends up with a perceptive, introspective "thought for the day" and students leave their classes feeling relaxed, refreshed, energized, alert, invigorated and radiantly alive.

Because class sizes are controlled; occasionally, some classes have waiting lists for entry. The studio offers memberships for 6, 12 or 24 weeks. A free childcare reference service is provided for mothers who need to locate a babysitter in order to attend.

For further information and to make a reservation for a complimentary class, call the studio at 621-9988, in-between class times or 981-9387 between 11:00 a.m. to 3:00 p.m. and on week-ends.

Leading a Women's Fitness Studio Class in a waist trimming exercise, Gail explains how exercise burns bodyfat and firms muscle tone.

Community Service

Ontario Community Hospital

Auxiliary gives 9,863.75 hours, \$8,000 during year

The 97 members of the Ontario Community Hospital Auxiliary donated 9,863.75 hours and \$8,000 this past year to the community and to patients of the Ontario Community Hospital.

During the 1980-81 season members established a scholarship fund for a young man and woman to further their education in the medical field. Two \$500 scholarships were presented at Christmas.

Auxiliary members serve patients and hospital visitors by manning the information desk, working in the emergency room, maintaining a book cart and making special tray favors. Members conducted registration for over 500 people at the Health Fair. They assisted at the bimonthly blood banks and at a local immunization clinic.

Members decorated two Christmas trees and helped with the Christmas party for employees' children.

The auxiliary gave an annual tea in honor of all hospital employees. Members also conducted hospital tours during hospital week for school children.

Shopping and stocking of the gift shop is done by two volunteers, while several members help in the

operation of the shop, which is open from 9 a.m. to 8:30 p.m. daily. The front desk at the hospital also is operated by several volunteers during the afternoon and evening visiting hours.

As a service to the community, Meals on Wheels are prepared in the hospital kitchen, and auxiliary members help distribute them from a local church.

Fund raisers this year were a parking lot sale, two bake sales, a holiday bazaar and drawings for a hand-made quilt and a crocheted afghan.

During the 1980-81 year, \$8,000 was raised from these events.

At Christmastime, the auxiliary gave \$1,000 for medical education scholarships, \$2,000 to continue the cardiopulmonary resuscitation program and \$2,000 for a public relations program. In May, \$3,000 was given to furnish the pediatrics wing, making a total of \$8,000 for the year.

Officers for the 1980-81 season were led by Lois Lansdale as president. Serving with her were Hazel Fentiman, first vice president; Marguerite Stewart, second vice president; Eleanor Ladwig, secretary; and Margaret Axtell, treasurer.

Juniors donate 531 hours in service

The 10 members of the Cucamonga-Alta Loma Junior Women's Club have donated 531 hours of volunteer service to the community.

The members have donated 300 hours to the House of Ruth, 125 hours as classroom volunteers, 30 hours to Mobile Meals, 35 hours to the Rains Home, 22 hours at a hospital gift shop and 19 hours to other projects.

Their work at the House of Ruth is spent answering the hot line. At the Rains Home, they researched and planted an herb garden. They also chose a family at Christmas and provided them with dinner and gifts.

During the past year the members donated \$125 to the Bilingual Family Counseling Service, \$250 to Mobile Meals, \$100 to the Rains Home and \$150 to a needy family.

This year the members will continue to work for Mobile Meals and the Rains Home. They also are planning to purchase a special manikin, Annie, for the Foothill Fire District's cardiopulmonary resuscitation program.

Officers this past year were Debbie Loggia, president; Doreen Taylor, first vice president; Alison Loggia, second vice president; Peggy Rasmussen, secretary; and Fran Firestone, treasurer.

Lois Lansdale

Group works for benefit of San Antonio Hospital

The San Antonio Community Hospital Auxiliary is a philanthropic and service organization whose 550 members work for the benefit of the community through San Antonio Community Hospital.

This past year auxiliary members spent 9,760 1/2 hours raising \$40,000 for the hospital. The money was presented to the board of trustees to use toward the purchase of needed equipment.

In addition the auxiliary spent 7,923 1/2 hours in direct service to patients, their families and the community. Auxiliary members manned the reception desk, Tel-Med (a health information system), and worked in the Mental Health section of the hospital.

They conducted tours of the hospital for children's groups and prospective "new" parents. Members ran the book cart and assisted with the blood bank. They helped patients vote on election day.

Once a year the auxiliary also does a thank you tea for hospital employees.

Fund raisers for the year included a home tour, dump truck rummage

Volunteer efforts, contributions

League enriches lives of community children

The Assistance League of Upland, the local chapter of the National Assistance League, is a philanthropic organization. Its 54 members work to enrich the lives of children in the community through volunteer effort and contributions.

This past year, league members donated 3,868 1/2 hours to their three main projects, the Cucamonga Girls Club, San Antonio Community Hospital Dental Center and preparation classes for area high school students who take the Scholastic Aptitude Tests.

The Cucamonga Girls Club is for girls in the Cucamonga area who ordinarily would be without supervision after school hours. The members teach the girls cooking, crafts, games, music, sewing, and expose them to the community with field trips.

At the San Antonio Com-

Mrs. Bruce Claflin

munity Hospital Dental Center members volunteer their time to schedule clinics, dentists and patients. They conduct eligibility screening, serve

as receptionists and instruct children and parents in dental care and nutrition. Clinics are run daily during the school year for children of parents with low incomes in the West End of San Bernardino County.

In addition to these philanthropies, the group also donated funds and labor to Santa Claus, Inc. and the Christmas Basket Fund of the Foothill Council of the PTA.

Each year the group holds fund-raising events to finance all of these projects. They raise funds through a Patroness Tea, Christmas Tree Brunch, Fashion Show Luncheon and Round Robin Bridge.

Officers for this past year were the Mmes. Bruce Claflin, president; Walter Mastin, vice president; C. Lewis Trine, secretary; Glen Fisher, treasurer; and Wallace Hay, publicity chairman.

Mrs. Isaac Funk

Cooper, treasurer; and Walter E. Stewart, publicity chairman.

Montclair organization

Soroptimists carry out three award programs

The 15 members of Soroptimist International of Montclair, a service organization, work for the advancement of women in the executive business world.

To carry out this purpose, the group supports two award programs. One is the "Training Awards Program. Known as TAP Awards, these awards are designed to aid the mature woman, preferably over 30, who, as head of the household, must enter or return to the job market or further her skills and training in order to upgrade her employment status. Recipients are chosen on the basis of financial need as well as career goals. TAP Awards are made on an annual basis.

The group also supports Youth Citizenship Awards. These awards are presented annually to outstanding female members of graduating classes in both public and private high schools in Montclair. The awards give immediate recognition to these young women for their efforts and achievements.

Designated as "Awards of Merit," these funds differ from the usual scholarship grants. They are direct cash prizes and recipients are free to use the money in whatever manner they choose. To date, all awardees have chosen to use the funds for immediate needs.

The winners are chosen through a review of their qualifications and an essay written on what it means to be a United States citizen.

In addition to these two award programs, the group also supports House of Ruth, Special Olympics, Pomona Valley Workshop, Meals on Wheels, "S" Club at Montclair High and the Montclair Police Department.

To attain this goal, the local league conducted public workshops on transportation, South Africa, education and water conservation and provided printed material and speakers on ballot issues.

Members observed commissions, school board, water district and city council meetings and acted on those observations where warranted.

Besides holding a fund-raising auction, the Women Voters held a series of programs on relationships with Canada in cooperation with the American Association of University Women.

Walk, then run

COLLEGE STATION, Texas (AP) — Joggers should learn to walk before they run, says Dr. Elvin Smith, a cardiovascular researcher and jogging enthusiast.

"You should be able to briskly walk for two hours (about 6 to 8 miles) before you begin jogging," advises Smith, associate dean of medicine at Texas A&M University. "Running is really a progression of walking."

During the 1980-81 year, \$550 was raised for scholarships, and members updated, printed and distributed 5,000 community resource booklets with the city of Ontario.

In cultural enrichment, members held a dance recital for 1,000 people, and over 500 children attended the show free.

Representing both communities of

Montclair and Ontario, the club members decided to show appreciation to city personnel, fire and police and all teachers within the district.

Homemade Valentine cookies and cupcakes were given to two city hall staffs, two police stations and seven fire stations. The club members bagged 740 apples and delivered them to teachers, secretaries and principals. Each bag contained a note denoting the club's support and appreciation.

In the area of education the junior club supports the Montclair Library. AAUW yearly awards recognize area women

The American Association of University Women, Ontario-Upland Branch is a philanthropic and educational organization comprised of 210 members.

One of the top projects for the 1980-81 season was the presentation of an annual award to an outstanding woman in the community. This year's award was made to Bernice Bedford Conley in recognition of her efforts in increasing community awareness of local history.

Since 1975 the local chapter has sponsored an AAUW Story Hour, a program which increases the English vocabulary of Spanish-speaking children, while encouraging the use of the public library. In 1980 the program was expanded

to sponsor story hours at two locations, Los Olivos in Upland and the library at Rancho Cucamonga.

In June of 1981, the local branch sent four delegates to the AAUW's Centennial Convention in Boston.

Local fund-raising efforts contributed to California State Division's donation of over \$250,000 to AAUW's Centennial Fund for the Education Foundation. This program is the oldest, privately endowed program in the United States. This program awards fellowships for advanced study and research to qualified women throughout the United States.

During the 1981-82 year the local chapter will continue its support of the

story hour. However the emphasis will be on providing books, games and puzzles for a lending library at Los Olivos Day Care Center or a similar facility.

This year the local chapter, along with other AAUW chapters throughout the nation, will become involved in two selected topics "Money Talks" and "Taking Hold of Technology."

AAUW nationally is committed to ratification of the ERA and other related areas of concern: education, women's issues, international relations, community and cultural interests. This year, the local chapter will continue to observe and lobby legislative actions which

Liz Gallarini

affect these areas.

Liz Gallarini served as president this past year. Serving with her were Kathy Hanawalt, first vice president; Vicki Porto, second vice president; Marilyn Jones, secretary; Marion Poe, treasurer; and Joan Gerard, publicity chairman.

Heloise's Hints

DEAR HELOISE: When we purchased our new car, my hubby said it was mine, and so it is, even to washing it!

The other day, while soaping it down, I noticed a lot of road tar along one side.

Since I didn't have any commercial remover, I grabbed a can of pre-wash stain spray and sprayed away.

I finished washing the rest of the car and when I came back to that side, lo and behold, all the tar just wiped right off.

Thought some of the guys might like to know this too. — Leslie Eckert.

The San Antonio Chapter of the Daughters of the American Revolution is a philanthropic, patriotic and educational organization, whose 56 members strive to perpetuate the memory and spirit of the men and women who worked for American independence.

Fostering patriotic citizenship in the community is another goal of the local DAR chapter, which annually holds a DAR Good Citizen award competition at the high school level.

Last year, the local chapter contributed toward DAR national, state and local projects and activities. Books were given

to the Ontario City Library and to an elementary school library. "Manuals for Citizenship" were given to a naturalization class.

Members supported the Jerry L. Pettis Memorial Veterans Administration Hospital. They made several contributions including lap robes, books, magazines and stamp money. They also helped with the Upland Diamond Jubilee celebration.

Mrs. O.B. Thomson served as regent this past year. Serving with her were Mrs. Carroll G. Kissick, vice regent; Emily Knox, second vice regent; Mrs. Anthony J. Barone,

Mrs. O.B. Thomson

secretary; Mrs. Joe Glasson, treasurer; and Mrs. Peter Logan, publicity chairman.

Club introduces new Uplanders

New residents need to meet people. The New Uplanders Club is a social organization that introduces new members of the community into the local area by promoting an active interest in the civic, social and moral aspects of the community.

The 274 members have the choice of attending 15 different activity meetings each month, three socials during the year and four coffee parties.

Through the social activities, the members raise funds to support philanthropic projects in the community. This past

year funds raised at the Monte Carlo Night were donated to the Upland Fire Department to purchase two scoop stretchers. The group also donated funds to the House of Ruth to maintain the hotline and for printing of handbooks. Funds also were given to the Upland Recreation Department for its "Concerts in the Park."

This year the group is planning a card party to raise funds for its philanthropic project.

Officers for the 1980-81 season were Deen White, president; Mildred Willis, vice president; Sonja Hoch,

Deen White

secretary; Betty Winn, treasurer; and Dee Windhorn, publicity chairman.

Beta Sigma Phi gives \$850 to Cystic Fibrosis

A total of \$850 was presented by the seven local chapters of Beta Sigma Phi to Cystic Fibrosis Research during the 1980-81 club year.

The local chapters are united in the Foothill Area Council of this social sorority, and council meetings are held on the first Monday, September through June.

Special events during the past year included working in the toy booth for Pilgrim Place last fall for the annual festival; a program on self-protection provided by the Ontario Police Department; the annual Valentine ball and a day at the races at Santa Anita.

In following tradition, the Founder's Day celebration was held at El Prado Golf

Course Clubhouse, Chino, on April 30, the date chapters all over the world observe the establishment of the sorority.

About 350 members attended the Mission California Council brunch hosted in May by the local council at Pomona Valley Golf Course Clubhouse, Walnut.

Officers leading the group through the 1980-81 term were: Jewell McGrogan, president; Sandra Bowen, vice president; Shirley Gossard, recording secretary; Sherri Horton, corresponding secretary; Linda La Brouche, treasurer; and Linda Weed, civil awareness.

Dorothy De Silva, who has served the council as

Jewell McGrogan

sponsor for the past 20 years, was leaving the area, and so a surprise party was held for her in June. The honoree was given an engraved silver tray and a memory guest book.

"She will be missed by all," Mrs. McGrogan said.

Upland Y Women involved in community

The purpose of the Upland Y Women is to provide a morning out weekly for fellowship and enrichment
